SNOWCAP	Semi double. Tube & Sepals - Scarlet. Corolla - White with red veining GOOD STANDARD. Height 2'.
SON OF THUMB	Small single flowers. Tube & Sepals - Cerise. Corolla - Lilac. Height 15".
TOM THUMB	Single. Tube & Sepals - Carmine. Corolla - Mauve. Height 15".
TRASE	Medium semi-double flowers. Tube, sepals, corolla - carmine.
WHITE CLOVE	Single. White Tube, Purple Sepals. Mauvish pink Corolla. Very tiny flowers. Green fern like leaves. 3' high.
WHITE PIXIE	Single. Tube & Sepals - Reddish carmine. Corolla - White veined pink. Height 3'.

### **SPECIES VARIETIES**

PROCUMBENS Very small flowers. Yellow tube, blue pollen. Hardy trailer.

There are some fuchsia varieties that should be grown forever, but there are others that should be dropped for a while. We have made some more changes this year, introducing 15 new varieties, whilst reducing the range, because we are increasing & developing our range of Cottage Garden plants.

We recommend Westland Multi Purpose compost, (winner of 'Which' magazine trials), a good quality peat based compost, for potting up your fuchsias.

We fully endorse VITAFEED fertilisers as the best product to feed ALL your plants including Fuchsias, used on this Nursery since 1983.

### **STANDARDS for 2009**

available as young whips & standards from mid February.

**ANITA, CARMEL BLUE, DOLLAR PRINCESS, HEIDI ANN, JACK SHAHAN, LILIAN ANNETTS, RED SPIDER  
ROYAL VELVET, SNOWCAP, SWINGTIME, WINSTON CHURCHILL**
